

## Technical Programme

| Time                             | Session                                              | Speaker                                       |
|----------------------------------|------------------------------------------------------|-----------------------------------------------|
| Day 1: Modelling and Simulations |                                                      |                                               |
| 9.00 -10.00                      | Inaugural                                            |                                               |
|                                  | High Tea                                             |                                               |
| 10.15-11.00                      | Prof. G. N. Ramachandran Plenary lecture (Lecture 1) | Prof. Shekhar Mande                           |
| 11.05- 11.50                     | Prof. M. Vijayan Keynote Lecture (Lecture 2)         | Dr. Rajan Sankaranarayanan, CCMB              |
| 11.55-1.25                       | Lecture 3                                            | Dr. Durba Sengupta, NCL Pune                  |
| 1.00 -2.00                       | Lunch Break                                          |                                               |
|                                  | Session Chair: Prof. Onkara Perumal                  |                                               |
| 2.00-2.40                        | Lecture 4                                            | Prof. Jagannath Mondal, TIFR Hyderabad        |
| 2.45-3.25                        | Lecture 5                                            | Dr. Himanshu Joshi, IIT Hyderabad             |
| 3.30-4.10                        | Lecture 6                                            | Dr. Aditya Padhi, IIT BHU                     |
| 4.15-4.55                        | Lecture 7 (online)                                   | Dr. Girinath Pillai (Sygnature Discovery, UK) |
| 4.55 -5.10                       | Tea Break                                            |                                               |
|                                  | Session Chair: Prof. Anbumathi                       |                                               |
| 5.10-5.40                        | Lecture 8                                            | Dr. Suchetana Gupta                           |
| 5.40-6.10                        | Oral presentation Session 1 (4)                      | Oral presentation Session 2 (4)               |
| 6.10-6.30                        | Lecture 9                                            | Netweb Technologies                           |
| 8.00 pm                          | Gala Dinner                                          |                                               |
| Day 2: Structural Biology        |                                                      |                                               |
| 9.00-9.45                        | Klaus Schulten Keynote Lecture (Lecture 10)          | Prof. Sanjib Senapati, IIT M                  |
|                                  | Session Chair: Prof. Saiket Choudhary                |                                               |
| 9.50- 10.20                      | Lecture 11                                           | Dr. D. Patra, IICB Kolkata                    |
| 10.25- 11.10                     | Lecture 12                                           | Prof. Someswar Rao Sagurthi, JNU              |
| 11.10-11.25                      | Tea Break                                            |                                               |
|                                  | Session Chair: Dr. Suchetana Gupta                   |                                               |
| 11.25-12.10                      | Lecture 13                                           | Prof. Rajakumara Eerappa, IIT Hyderabad       |
| 12.15-1.00                       | Lecture 14                                           | Prof. Soumyananda Chakraborti, BITS Hyderabad |
| 1.00-2.00                        | Lunch Break                                          |                                               |
|                                  | Session Chair: Prof. Rajakumara Eerappa              |                                               |
| 2.00-2.30                        | Lecture 15                                           | Dr Saikat Choudhury, CCMB                     |
| 2.30-3.00                        | Lecture 16                                           | Prof. Prasenjit Bhaumik, IIT Bombay           |
| 3.05-3.35                        | Lecture 17                                           | Gator Bio (GeneX)                             |
| 3.35-3.45                        | Tea Break                                            |                                               |
|                                  | Session Chair: Dr. D. Patra                          |                                               |
| 3.45-4.15                        | Lecture 18                                           | Prof N. Prakash Prabhu,HCU                    |

|                       |                                                    |                                                     |  |
|-----------------------|----------------------------------------------------|-----------------------------------------------------|--|
| 4.15-4.45             | Lecture 19                                         | Dr. Prasun, IIT Palakad                             |  |
| 4.50-5.20             | Oral presentation Session 3 (4)                    | Oral presentation Session 4 (6)                     |  |
| 5.20-5.45             | Lecture 20                                         | Dr. Sanchari Banerjee, Sai Life Science, Hyderabad. |  |
| 6.30- 7.30            | Cultural Program                                   |                                                     |  |
| Day 3: Bioinformatics |                                                    |                                                     |  |
|                       | Session Chair: Dr. Aditya Padhi                    |                                                     |  |
| 9.00-9.45             | Margaret Dayhoff Keynote Lecture (Lecture 21)      | Prof. Micheal Gromiha, IITM                         |  |
| 9.50- 10.20           | Har Govind Khorana Keynote Lecture (Lecture 22)    | Dr. Uddhaves, CDAC                                  |  |
| 10.25- 11.10          | Lecture 23                                         | Dr. Surya Kanta Ghosh, NITW                         |  |
| 11.10-11.25           | Tea Break                                          |                                                     |  |
|                       | Session Chair: Dr. Prasun                          |                                                     |  |
| 11.25- 12.10          | Lecture 24                                         | Prof. Anshuman Dixit, ILS BBSR                      |  |
| 12.10-12.30           | Oral Presentations (4)                             |                                                     |  |
| 12.30-1.00            | Certificate Distributions and Valedictory Function |                                                     |  |
